THE LAST 15 DAYS: CLIENT PHASE

Every InnoTech course ends with 15 days on finding paying clients: pricing your service, writing proposals, outreach to local and international clients and following up. Batches are capped at 15 students. Online students join live on Zoom or Google Meet and get the recording of every session. You receive the InnoTech Skills Institute certificate of completion at the campus once your final project is done. Fee is paid month by month; leave within 7 days of your first class and the course fee is refunded in full.
